

Occupational Therapy Europe Coordinating Group

On Monday October 8 the OT-Europe Coordinating Group (CG) met face to face for the third time. Johanna Stadler-Grillmaier stepped down as ENOTHE board member and Soemitro Poerbodipoero is now the VP of ENOTHE and as such a member of the OT-Europe Coordinating Group.

We would like to thank Johanna for her great contribution to OT-Europe and ENOTHE and welcome Soemitro as new member.

The group discussed many issues on the development of OT-Europe and the collaboration of the three branches. In a very informative and constructive meeting with Samantha Shann, VP finance of WFOT it was discussed how OT-Europe and WFOT can work together in a transparent and efficient way in developing Occupational Therapy in countries where the profession is not yet established.
