

World OT Day

World OT Day is coming up fast and we hope all our members have had time to think how to promote Occupational Therapy on that day. If you still need material or inspiration, please visit WFOT website where you can download various promotional materials for free.

Please let us know what you are up to! We would like to promote you by sharing your activities through our social media channels.

For material please visit: <http://www.wfot.org/Newsletter/201310/WorldOccupationalTherapyDay>

For further information and sharing your activities please contact Eva Denysiuk
