

## EUPHA Public Health Week

The European Public Health Week (EUPHW) aims to celebrate healthy populations, raise awareness about important public health themes and connect professionals contributing to public health across Europe.

This initiative began in 2019 and had 145 events registered in 35 countries. Following the success of COTEC's participation last year, COTEC will be extending its presence in 2020.

This year's public health themes are:

- **Monday 11 May:** Promoting health through the Global Goals
- **Tuesday 12 May:** Primary care in the digital age
- **Wednesday 13 May:** Staying together for mental health
- **Thursday 14 May:** Equal health for all
- **Friday 15 May:** Grow old, grow healthy

If you have any ideas on how to contribute to any of the above mentioned themes, or perhaps you have any events in mind that you would like to share, or have launched a publication that relates to the main themes – we want to get in touch with you. Should you have any ideas please get in touch with COTEC Office on [shawn.abela@coteceurope.eu](mailto:shawn.abela@coteceurope.eu)

**CELEBRATING HEALTHY POPULATIONS**  
**11-15 MAY 2020**

Join the second European Public Health WEEK!  
#EUPHW
