

## **OT-Europe Workshop: “The role of Occupational Therapy in delirium care”**

A. Lanzoni, V.C. Tatzler, M. G. Carpena, C. Pozzi

Workshop 90/120 min.

### **Goals of workshop**

- To raise awareness among OTs about Delirium
- Build a basis for an OT Network dealing with Delirium
- OTs that participate can use the 4AT to assess delirium
- OTs can differentiate Behavioural and Psychological Symptoms in Dementia (BPSD) from Delirium in people with dementia

### **Workshop-part:**

- Knowing, discussing and thinking about delirium knowledge.

### **Moderator:**

Alessandro Lanzoni (Primary Care AUSL Modena, University of Modena and Reggio Emilia, Italy)
